TO DIRECTORS OF
Elementary and Sec. Schools
at Belgrade area

IMPORTANT NOTICE

- Teachers mathematics in primary and secondary schools,
- Teachers of computer science,
- Teachers / classroom teachers

Dear Colleagues,

Mathematical Society "Archimedes" for years organizing his **expert forums** (Mathematics for mathematics teachers in primary and secondary schools, for teaching computer - Nike computer science in primary and secondary schools, the mathematical platform for teachers in elementary school), **as well as ongoing professional development seminars for teachers**. Our forums are **accredited seminars** (up to now were categories of **mandatory** seminars).

Earlier we stand for each school sent notice of the venue and theme forums. A. d last school year calls for information-mentioned discussion does not sent by mail, but h WE publication n our websites: [www. Arhima des. RS](http://www.Arhimedes.RS) [www. thinking. rs](http://www.thinking.rs) in section **NEWS**. Way we work in the future.

Dates and venue of all our debates are set and will not be changed during the school year.

Published schedule of "Arhimedesovih" expert forums in school 201 2/201 3rd year, which lists the dates and venue of the stands. Click [here!](#) T case schedule We have already sent to all schools in Belgrade, and give him and the rest of this Obaveštenjja.

To ensure adequate space for holding discussions with tručne materials, forms and certificates, please forward to interested teachers must confirm their attendance at appropriate forums (phone, fax, e-mail)

For "Archimedes" expert panels are not subject to a special fee, but the share-based fee for Mathematical Society "Archimedes". G odišnja fee is 1000 dinars (all services: 10 math and 10 other forums, the library, etc. e.) . Members MD "Archimedes" have to have a membership card with a registered membership fees. Mathematical Society "Archimedes" is accepting new members. N astavnici can join the "Archimedes" in the debate.

*Terms of maintaining our forums are set and do not change for years (Tuesdays at 18 pm), so please have this in mind when you create or edit schedules in school, to interested teachers were able to attend these forums - a seminar that they are held **regularly** throughout the school year.*

Please notify the front of all the teachers who teach Mathematics and / or Computing and Informatics, including teachers / classroom teachers).

Thank you.

For "Archimedes":
Bogoljub Marinkovic, BA.
