### MEMORY

(10.20.1929 - 20.10.1987)

Exactly 25 years ago among us ever went to a great friend and teacher of generations of young mathematicians, prominent educator - a mathematician, a man of exceptional quality.

Vlado Milanovic  
Professor of Mathematics

With great respect and gratitude, we will keep the memory of this noble man of exceptional professionals and associates, one of the founders and first president of the Club for young mathematicians "Archimedes" (1973-1980). He graduated from the teacher training college, higher pedagogical school and two faculties: Philosophy of mathematics and natural. In addition to the institutions in which he worked (dormitory, three elementary schools and the College of Education in Belgrade), he was very involved in the administration and activities of professional societies of mathematicians, especially the work of "Archimedes" (mathematics schools, seminars for teachers, competitions, publications) .

One was our Vlado Milanovic, a noble man and a teacher of many generations of young people, any expert any company could wish.

We are proud of what was in our midst.
